Statement of Acknowledgement of Visit Fees Schedule:

Printed name of patient: _____

FEE SCHEDULE

Initial visits:	*$200 (1hour 15min visits)*
- if extends longer:	*$230*
Oncology:	*$250 (60-90min visits)*

Return visits:
Visit fees are based on time spent with the doctor: $13.50 per 5 minutes. For example:

30 min. shorter visits:	*$80*
40 min. visits:	*$107*
45 min. typical visits:	*$120.50*
50 min. visits:	*$134*
Phone/email consults:	Based on time required as per visit fees.

Please note:
Our doctors try their best to be as efficient as possible and keep visits length within proposed time frames: e.g. 1 hour & 15 minutes for adult initial visits ($200) and 45 minutes for typical return visits ($120.50). Because of the complexity of each person's health issues this can be challenging and may require longer consults. Adults with a complex medical condition, your initial visit may have taken longer than 75 minutes in which case an extended visit fee of $230 would have been applied. Oncology (cancer) patient visits are $250 to allow the doctor the extra time needed to review labs/imaging studies after your appointment.

For upcoming return visits, the length of the appointment may take longer than 45 minutes (should extra time be needed to fully address your health concerns), in which case visit fees will reflect the additional time taken per 5 minutes increments (e.g. 50 minutes return visits = $134; 60 minutes return visits = $160). Likewise, should less time be needed, the shorter appointment will be based on your time spent with the doctor (e.g. 30 minutes return visits = $80).

Please let your doctor know at the start of the appointment should you have timing/financial restrictions and prefer a shorter or longer appointment.
